
PORT TENANT NOTICE

August 10, 2007

RE: Rail Billing - Modifications

Port Tenants:

Effective September 1, 2007, and as indicated in FEC's attached letter of August 2, 2007 to Port of Palm Beach customers; the INBOUND RAIL SWITCHING fee will now be billed to you by the Port. In the past, this charge was billed to you direct through FEC, and was incorporated into your total FEC bill.

On September 1, 2007, the Port will commence billing port tenants the Inbound Rail Switching fee of \$35.00, as per Freight Tariff PPBD 8015-D, Switching Tariff. This charge will no longer be reflected in your FEC bill.

Should you have any additional questions, please do not hesitate to call or email me.

Respectfully,

Jarra L Kaczvara
Senior Director
Business Development
Port of Palm Beach District
